WHAT IS COUNTRYSTYLE DOING TO ADDRESS ITS GENDER PAY GAP?

Countrystyle is delighted to see a significant improvement in its mean and median gender pay gap for the period. We are striving for continual improvement and will continue to carry out the following to help reduce our gender pay gap further:

- Pay audits at regular intervals;
- Provide regular training for all managers and other staff member who are involved in pay reviews;
- Evaluate job roles and pay grades as necessary to ensure a fair structure
- Provide support for women returning to work and actively ensure men are aware of their shared parental leave entitlement

Countrystyle is therefore confident that its gender pay gap does not stem from payment of men and women differently for the same or equivalent work. Rather its gender pay gap is the result of the roles undertaken by men and women within the organisation and the salaries that these roles attract. We actively encourage women to apply for senior roles and currently 40% of our senior roles are undertaken by women.
